### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In claim 32, line 9, "b) scheduling" has been changed to --a) schedules--.

In claim 32, line 13, "c) servicing" has been changed to --b) services--.

In claim 32, line 21, "b)" has been changed to --c) schedules--.

2. The following is an examiner's statement of reasons for allowance: although the prior art discloses a scheduler that allows for multiple users to share a time slot (partition worth of data), such that a lower bandwidth user is serviced across several cycles, the prior art does not disclose a scheduler that performs all of the following: ranks the bandwidth; schedules the users during scheduling cycles where a scheduling cycle is coextensive with the highest bandwidth supported by the node; services lower bandwidth users across several cycles; and determines partition spacing by multiplying a number of lower bandwidth users that can be services by the next highest bandwidth by a partition modulo of the next highest bandwidth. *See e.g.* Kobayashi et al. (USPN 5,719,859) col. 3, lines 46-50.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
